CITY TO BE HOST TO STATE PIONEERS IN CELEBRATION

MAN IN HOSPITAL AFTER HE LUNGES AGAINST MACHINE

Cucamonga Resident Confused
by Train, Truck Noise in
Queer Accident

VICTIM MAY NOT SURVIVE

Pedro Arvizu, Mexican, Hits
Side of Truck Driven
by Local Man

Crushed by his own weight thrown against a truck, Pedro Arvizu, Cucamonga, is today in the San Antonio Community hospital, as the result of an accident at Vineyard avenue and Eighth street yesterday afternoon in which a whistling Santa Fe train and honking truck played roles.

Arvizu was walking east on Eighth street—in the middle of the pavement. A freight train, with its attendant noise, was going west, S. R. Robertson, 1539 East Ninth street, Upland, was driving a truck east on Eighth street behind Arvizu.

Robertson repeatedly honked the truck horn and as he approached the pedestrian, the louder he honked the accessory. Apparently the horn had little effect on the man against the din of the train. In approaching the Mexican, Robertson sided his machine off the pavement and was 10 feet onto the dirt when just as quick as a flash, Arvizu crashed into the truck and fell to the ground unconscious. In the confusion of the train noise, Arvizu apparently was not aware of the approaching truck, police explained, until suddenly he realized that a machine was near. Unconsciously he jumped to the side of the road.

It was in jumping off the road that Arvizu struck the machine he thought he was escaping. His body hit the side of the truck one and one-half feet from the rear of the machine.

His skull was probably fractured in the queer accident, Dr. A. L. Weber, attending physician believed. The man was rushed to the San Antonio Community hospital in a Stone ambulance.

SUPPLIES WANTED FOR SALVAGE SHOP

Call Made by Mrs. Grahame
For Wearing Apparel,
Other Articles

Mrs. J. L. Grahame, manager of the salvage shop conducted by the San Antonio Community hospital auxiliary, announces the stock in the shop again needs replenishing. Demand is good, but the supply, especially in some lines, is not always sufficient.

Men's trousers particularly are needed at this time and there is always a demand for women's and children's clothing of all kinds. However, the salvage shop stock is not confined to clothing alone, articles of almost every description being handled. One not familiar with the stock would be surprised to see the many different things being sold there and to know with what ease almost any housekeeper can find something no longer used in the home that would be of value to someone else and a profit to the shop. Mrs. Grahame will be glad to give any information as to the needs of the shop if one is in doubt as to what is wanted.

As is generally known, the salvage shop is operated solely for the benefit of the hospital fund, all proceeds less the actual expenses being used for the hospital work, thus making the shop a truly community welfare organization.

The shop depends upon local donations for its stock and the money received from the sales is spent to local people to keep in mind whenever they see anything to dispose of. Mrs. Grahame will send for donations whenever requested to do so.

VILLAGE GOSSIP By the Mayor

Friends—you are all invited to join us in a basket picnic on the beach at Amboy—hot coffee and hot dogs will be furnished by the committee.

Take the National Old Trails road through Victorville, Barstow, Ludlow, and thence on east about 100 miles to Amboy. Bring your own umbrellas, Joshua trees and fans.

Day, date, time and tides announced later.

JOHN FOSSETT IS PARALYSIS VICTIM

Nine-Year-Old Son of Local
Accountant Ill at His
Pomona Home

Suffering with an attack of infantile paralysis, John Fossett, 9-year-old son of Mr. and Mrs. Clarence Fossett, was unable to take nourishment or to speak today, the disease being confined to his throat.

Ill since Thursday, but the sickness not diagnosed as infantile paralysis until yesterday afternoon, the lad was reported to be in a serious condition this morning. His sister, Marilyn, 4 years of age, was suffering with a high temperature yesterday but this morning her condition was believed to be normal.

Bobby and Ted Atwood, sons of Mr. and Mrs. Glenn Atwood, were visiting in the Fossett home in Pomona for a short time Thursday night and as a precaution they are being confined at home and under close observation. They have showed no signs of being sick and Dr. John B. Craig has expressed the belief that there is little possibility of the boys having contracted the disease.

While Mr. and Mrs. Fossett reside in Pomona, Mr. Fossett works as accountant for several local firms and both have relatives here.

Much concern was expressed over the condition of the Fossett boy. Thursday night, it is reported, the boy did not want the evening meal and since then until yesterday morning he was only slightly ill. His temperature yesterday afternoon was reported to be high and this morning he was unable to speak or eat.

Miss Elizabeth Fossett, sister of Mr. Fossett, was in the home last night, and this morning told of the condition.

J. J. Atwoods Go to See New Grandchild

Going to see a new grandchild; Mr. and Mrs. J. J. Atwood were in Riverside yesterday afternoon and welcomed into the family Miss Barbara Jean Atwood weighing 8 pounds 12 ounces, daughter of Mr. and Mrs. Warren Atwood.

From the description given them by the father before leaving, they expected to find a young miss that was better than all other babies. She was born July 12. Mr. Atwood has a miniature golf course in that city.

BUILDING OF GOLF COURSES IS WORK OF UPLAND FIRMS

Success of Local Project Opens
Way For Trio To Go
Other Places

HOWE IS THE DESIGNER

Modern Construction Company,
W. C. Cline, Walter Howe
Are United

What was at first just a construction gang in building Walter S. Howe's Robin Hood golf course has expanded until today the Modern Construction company, W. C. Cline, cement contractor, and Mr. Howe have united in the business of building golf courses. The first contract was signed yesterday afternoon with Glendora promoters and actual work on the project was under way this morning.

Other contracts are being considered, and there are indications of this local trio linking many Southland cities with the same plan of miniature golf courses as is here on Ninth street near Third avenue.

Mr. Howe is the designer, and the Glendora course will be patterned after the local course, while this plan with additional features from time to time will be used in the courses that are to go in the other cities.

At Ledig of the construction company will handle the actual building of the framework and layout while Mr. Cline will supervise the construction of the cement fairways, walks and artistic designs.

Shortly after the local course was opened, out of town people interested in building a course visited the Robin Hood layout and their presence opened up the possibility of extending the work. Even before the local course was opened, Mr. Howe had the idea that if the local project was successful, the same plan might be extended.

Uniting of the trio means that several local people will be given work, local materials may be used and that Upland is the headquarters for what may be one of the largest miniature golf construction companies in the southland.

PROGRAM TO MARK CLOSE OF SCHOOL

Children of Vacation Bible
School Will Present Program Friday

Aside from the regular work of the school, the attention of the teachers and the pupils of the vacation Bible school is being centered on the presentation of the closing program, which will be presented at the Tenth street grammar school auditorium at 7:30 Friday evening.

All plans for the event have been completed and the children are ready with their various parts of the program. Certificates of perfect attendance will be presented to more than 30 of the pupils and other awards will be made. The children will give exhibitions of memory work in Bible verses and stories and will exhibit their handwork, especially the articles prepared for the Philippine treasure chest, in connection with which there will be a presentation of Philippine scenes.

The public in general and the parents particularly, are invited to attend the program.

During the worship hour at the school this morning, Dr. James A. Staveland told the children a missionary story of a boy in India and held their interested attention throughout its recital.

Construction work is still under way on the City Creek Road to Big Bear Lake, according to the Touring Department of the National Automobile club. This does not greatly interfere with traffic, although road equipment is stationed along the road and careful driving is necessary at these places.

Will Be Honored on Two Occasions

Many of the state's early pioneers are expected to be in Upland September 9—admission day—and join in a pioneer celebration and an event commemorating the placing of the Madonna of the Trail monument at Euclid avenue and Foothill

boulevard. This monument is also being considered as a site for a marker from the state chamber of commerce to advise tourists of the state's historic attractions. It was along the trail marked by the monument that the early settlers made their way into California.

LOCAL LANDMARKS MAY BE FEATURED

State Prepares to Mark Old
Historic Scenes and Two
Here Studied

Further attention may be directed to the historic landmarks in this community and throughout the county by the historical committee of the state chamber of commerce as the result of plans announced today.

It is likely that 16 places throughout the county will be marked with suitable insignia and included in the tentative list are the site of the Madonna of the trail monument and the site of the residence of Tiburcio Tapia built in 1839 on the Red Hill, Cucamonga rancho.

George W. Beattie, president of the San Bernardino county historical society is leading the local movement and has selected the sites he thinks most suitable for the special markers.

Two hundred spots throughout the state will be marked if the tentative plans are realized.

Mr. Beattie has selected three historic spots of unusual interest which he is quite confident will be made. They are the San Bernardino Asistencia of Mission San Gabriel between San Bernardino and Redlands, the site of the old Chino ranch house around which the battle of Chino, one of the few battles in the Mexican

TECHNICOLOR FILM TO BE SHOWN HERE

"Bride of the Regiment" at
Upland Theater; Many
Go To Movie House

With technicolor, with a cast of many stars and with a great crowd of followers requiring a long run in Los Angeles, the "Bride of the Regiment" will be shown in the New Upland theater starting tonight and continuing to Thursday night. A matinee will also be presented Wednesday afternoon.

Few pictures coming to the new local theater have had such a record of public approval as has the "Bride of the Regiment," and Manager C. A. Portman is looking forward to the entertainment local movie followers will receive.

This is a First National picture, full of action and colorful. The picture has never been shown in the citrus belt and when it opens here tonight, it will be presented under conditions that will be just as perfect as they are in the large metropolitan theaters.

The Wednesday matinee are popular, especially among the women and children of the community. (Continued on Page 4)

NEW RULING TAKES LOCAL BUILDINGS OUT OF TAXATION

Supreme Court Says Property
Leased to Public Util-
ities Exempt

GRIER STUDIES DECISION

County Will Lose More Money
to State Through Opera-
tion of Verdict

Owners of buildings who lease to public utility corporations are exempt from local taxes under the operation of amendment No. 1, a new state supreme court ruling today declares. It was learned here today and C. E. Grier, chairman of the board of supervisors and others were showing close interest in the situation.

After reading press accounts of the decision, Mr. Grier said that he could not say just to what extent the new decision would affect county property.

Some expressed belief that new ruling would exempt from local taxation the buildings in which the Ontario-Upland Telephone company, the Southern California Edison company and the Southern Counties Gas company are located.

At any rate the new ruling is looked upon as an impetus in the campaign for victory of assembly bill No. 21, which would return to those counties money lost through the operation of amendment No. 1.

Mr. Grier has been the county's leading figure in the tax revision. As much property in the county is leased to public utilities, the district will lose still further under the new ruling. Amendment No. 1 provides that all public utilities operative property is exempt from local taxation.

In commenting on the decision, the San Bernardino Sun said: "Amendment No. 1 so the state supreme court holds, not only exempts from local taxation the properties owned by the public utilities but also exempts properties leased by them regardless of who pays the taxes."

"The decision is forced by action of the supreme court of the United States holding that equipment of a telephone company such as speaking sets, that is not owned by the telephone company but leased cannot be taxed by local government under amendment No. 1. The rule has now simply been extended to include real property under lease from private owners as well as equipment."

The case reached the supreme court from Los Angeles where Morgan Adams owns a 10-story building and leases it to a telephone company. He paid taxes of approximately \$20,000 a year under protest and sued to get his money back on the ground that the entire building was under lease to a public utility and therefore could not be taxed by the city and county of Los Angeles.

New Home Planned By the Edwin Keyts

Mr. and Mrs. Edwin Keyt, who have just completed a 10,000-mile trip, are now established in the Charming Apartments in Ontario and will reside there during the raising of their home on Twenty-fourth street and the construction of a handsome Spanish type bungalow. The new home will have many of the features of the picturesque Spanish haciendas and will be surrounded by a two-acre landscaped garden.

While on their eastern tour, Mr. and Mrs. Keyt visited in New York and in Washington, D.C., where they were guests of their daughter.

Mr. and Mrs. Edwin Keyt, Jr., who occupied their parents' home here during their absence, have gone to San Francisco for two months, during which time Mr. Keyt, who is with the United States medical corps, will receive his assignment for the next two years. Mr. Keyt has recently returned from a several months cruise with the fleet following an extended service in the Hawaiian Islands.

Mercury Readings Conflict; But All Know It Is Warm

On some thermometers today the Mercury is different than others, but there are two instruments in two different areas that may be considered "official." On Nineteenth street, the Liberty Groves Operating corporation reported a temperature at noon day of 106 degrees, while the maximum mark during this hot period has been 107.

The Upland Lemon Growers' thermometer, in front of the old packing house at Fourth avenue and "A" street, registered 99 at noon with 101 being the hottest anytime this season.

Whichever instrument is accepted as official, there is no mistaking the fact that Upland and the citrus belt is experiencing some "unusually" warm weather. Of course comparisons could be made to show that other cities are much warmer. Last night's lowest temperature was 75 degrees, which, according to Ernest Fuller of the association, was the season's warmest night.

NORMAN SPRINGER DESCRIBES TOURS

Traveler Tells Rotarians of
Russia and Life as
Guide

Norman Springer, vacationing here with his bride and visiting his parents, Mr. and Mrs. William Springer, today took the members of the Rotary club with him on a tour to Iceland, Norway, Russia and to Egypt.

As social guide for the Raymond Whitcomb tours, Mr. Springer described his trip a year ago, which took him into Iceland—a land where there is little ice, no trees but lots of cod fishing, and into the arctic circle where during the summer the sun never sets and where pictures can be taken just as well at midnight as they can at noon.

Going into Russia with the first group of Americans ever to enter as they did since the war, Mr. Springer told of being treated always courteously, of being entertained lavishly in richly furnished hotels and seeing the palace of the late Czar, "which looked just like the Czar was still there."

Explaining that he saw no poverty in Russia, Mr. Springer declared "that the experiment seems to be successful. It seems like the people are being pushed from the bottom and being pulled down to a level—and they look all alike."

In general his description of Russia pictured a country of modern equipment and a spirit of cooperation and goodwill.

In detail he told of each step of the tour after it left New York and of the difficulties of going to Russia. The tour to that country was an additional feature offered by his company and was conducted for the first time.

"When you go to Europe act as Americans should," the speaker appealed. "The people of Europe have a poor idea of Americans, but it is our own fault. They dislike us because some have thrown money in their faces and ordered them around like they were servants."

The party visited King Tut's tomb in Egypt.

With wives of the Rotarians present, and with Mr. and Mrs. William Springer as the honored couple, and with Mrs. Norman Springer next to her husband, P. H. McQuillen introduced the speaker. He recalled the "days when Bill Springer drove his mules down Euclid avenue," and "when Norman always had a job and finished everything he started." The introduction was entertaining and formed a proper setting for an address by a man who was reared here and who has traveled the world.

The mountain road between Jacks Ranch and California Hot Springs, Tulare County, is under construction, but does not greatly interfere with traffic, according to the Touring Department of the National Automobile club.

SEPTEMBER 9 SET AS DATE FOR BIG EVENT IN UPLAND

Walter Horak Named Head of
General Committee; Work
Is Started

D. A. R.'S WILL ASSIST

Madonna Monument Fete Will
Be Recalled in Program;
To Be Holiday

Years ago the early residents had their day and on September 9, these men and women will be feted and honored here in a pioneer celebration, with the Madonna of the Trail monument figuring prominently in the day's pageant and program.

Definite arrangements were being made today for the pioneer celebration and Walter W. Horak is general chairman of the committee in charge.

Planned as tribute to the pioneers in the state—and especially those in the county—the local celebration will include a historic pageant, recalling the ways of suffering and pioneering. Just what all will occur on that day is still to be determined but Mr. Horak is laying plans for an event that will attract state wide attention.

The chamber of commerce will be the principal sponsoring organization, but the local D. A. R. chapters will be asked to carry a part of the responsibility. The San Bernardino Society of Pioneers will be an organization on which much reliance will be placed in preparing the program. Officials of that organization have signified their intention to assist.

February 1, 1929 there was placed in Upland—at Foothill boulevard and Euclid avenue, the only monument in the state marking the route of the old Santa Fe trail over which the pioneers made their western progress. Then, a program was planned in connection with the unveiling of the marker.

The celebration planned for September 9 in one respect will be recognition of the placing here of the monument but in a larger respect an event to honor those pioneers in the county and state.

Clair E. Kirk, chamber secretary, has received communications from early California residents throughout the state, waiting to get more information about the local event. Indications are that Upland will on that day have the largest number of pioneers together that have ever been together in recent years.

September 9 is the state's admission day and is observed as a holiday by the banking institutions throughout the state. Falling on Tuesday, that day will be a holiday here with all the local organizations expected to cooperate in the program.

Mr. Horak, with Glenn M. Atwood, president of the chamber, and Mr. Kirk will name the other members of the committee. Within a short time, other committee members will be named.

Pacific Palisades W.C.T.U. Event To Be Held Tomorrow

Tomorrow, July 16, will be annual Woman's Christian Temperance Union day at Pacific Palisades and splendid all-day program has been prepared. There will be a big noon picnic and the program will be free to all who attend.

Political campaign speeches will be made by Gov. C. C. Young and Byron Fitts. There will be addresses by Dr. John T. Miller, world lecturer and author, and Mrs. Mott Kelsier, vice-president of the W. C. T. U. of India, both of which are expected to be of unusual interest. Music will be furnished by the famous Meistersingers, eight of the best professional men singers on the Pacific coast.

A number of W. C. T. U. members and others of Upland are planning to go to Pacific Palisades tomorrow to attend the all-day event.

A Disappearing Institution

We do not know whether the chautauqua ever flourished in California or not, but in days gone by chautauqua week in the towns of the middle west was looked forward to eagerly and with great anticipation each year. In this section of the country this News Guy was secretary of a local chautauqua organization for some years. On the programs of this wonderful institution appeared the best talent to be obtained anywhere. There were lecturers of more than national renown; there were renowned preachers, explorers, politicians, captains of industry, musical organizations and singers of the very highest type and there appeared talent in plays that was of the best. In the greatest days of the chautauqua we have known the receipts to go over the \$3,000 mark. At that time a sale of \$1800 was guaranteed on season tickets. Almost everybody—in town and in country—bought tickets for chautauqua.

Among the notables appearing on the chautauqua platform were such men as William Jennings Bryan, William Allen White, and lecturers of note on scientific and other subjects. Kyril and his famous band produced wonderful and thrilling music; Elsie Baker's voice enthralled the big crowds; such plays as "It Pays to Advertise," "Turn to the Right," "So This Is London," operas of such high class as "The Mikado" were presented by capable artists, and many novelty attractions of excellent entertainment value were seen and heard.

But the glory of chautauqua began to wane some years ago. Despite the hard work of committees to sell tickets and the continued good programs the crowds grew smaller each year. In a few years towns began to fall short of the guaranteed season ticket sale and the guarantors had to dig down in their pockets to make up the deficit. In our former home the shortage this year was about \$600. Needless to say, it is quite probable this town—and others which can make no better showing—will not have chautauqua in future years. Chautauqua workers and guarantors now feel "it is no use trying to cram something down people's throats they do not want." This same condition is true of winter lyceum and lecture courses which formerly thrived in this part of the country.

The radio, moving pictures, automobiles and good roads are no doubt responsible for the decline of the chautauqua. Formerly the bigger programs ran for a full week; now they have been cut to five days, and we believe that within a very few years that institution known as chautauqua will be a relic of the past—a victim of progress. Be that as it may, we believe that the chautauqua has been responsible for the rise of a good many men from obscurity to national prominence. No doubt there are many Californians who have bought chautauqua tickets in the middle west for \$2 and enjoyed a week of education, inspiration and entertainment—two programs each day—that could be secured in no other way for such a small cost.

As we read our copy of the Upland News while we are away from home we notice that the election for voting on the tax for the maintenance of city parks, for advertising purposes and for band and other music has been set for July 24. We cannot believe the people of Upland will vote against such needed things as these—especially the two former. Surely there are none who wish to see our wonderfully beautiful Euclid avenue a dried up and unsightly spot and San Antonio park an unkempt and ugly place. A certain amount of judicious advertising is absolutely essential if Upland is to continue its splendid growth, as practically every other city in Southern California is keeping itself on the map by advertising. Band concerts are a benefit to the city and a pleasure to many, as the large crowds attending each week attest. This music is for the pleasure of the residents as a whole and it appears it is no more than just if their cost be borne by all our citizens. We believe this will be the attitude Upland voters will express when they vote on these propositions July 24.

And now we read of the girl who eloped in her father's clothes and the village paper came out that week with this heading over the story in big type: "Flee in Father's Pants." Would you say that a skunk is broke? He has only one scent—and that's a bad one.

Did you hear of the "city feller" who wondered if corned beef was produced by feeding the cattle corn whisky. We presume he's the same fellow who wanted to milk the cow that gave the buttermilk when he was visiting his country cousin.

If nature had intended that man should be patted on the back his arms would have been hung differently.

Latest definition of home: A place where part of the family stays until the others get back with the car.

We wonder if it was an Upland fisherman who invented the expression, "So long."

Notes of Society

Mrs. Geo. S. Foster Entertains For Miss Marian Belden—

Honoring Miss Marian Belden, a teacher in the Hawaiian schools, who has recently arrived from the islands to spend the summer vacation at her home, Mrs. Geo. S. Foster was hostess Thursday afternoon at her home on North Hellman avenue, Alta Loma, when she entertained at a charmingly appointed bridge party.

The home was abloom with a profusion of garden flowers and during the afternoon Mrs. Foster served her guests with a delicious afternoon collation, in which the pastel colors were used.

At the conclusion of the session of spirited bridge playing the high score prize was awarded to Mrs. Chas. B. Molsinger, consolation going to Mrs. B. H. Wilson, while Miss Belden was presented with the lovely honor award.

Guests of Mrs. Foster were the honoree, Miss Belden, Mrs. W. C. Belden, Mrs. J. F. Grass, Jr., Mrs. Chas. B. Molsinger, Mrs. C. F. Thorpe, Mrs. Geo. S. B. Ferguson, Mrs. B. H. Wilson, Mrs. E. S.

Bishop, Miss Harriet Wikoff, Miss Gertrude Reid, Miss Constance Thorpe, and Mrs. Ralph Scofield of Arcadia.

Mr. and Mrs. Maxwell Entertain Social Club—

Members of the Social club enjoyed a merry dinner party Friday evening, Mr. and Mrs. T. D. Maxwell being hosts at their home on Eighth avenue.

The evening's pleasures began with a prettily appointed dinner, which was followed by an interesting session of the official club game of five hundred. Floyd Jones won the high score prize and Mrs. Howard Graves was awarded the consolation trophy.

Mr. and Mrs. Joe Aime will be hosts at the next meeting of the club.

Members attending the party on Friday evening were Mr. and Mrs. Howard Graves, Mr. and Mrs. Clyde Jones, Mr. and Mrs. Enos Leaman, Mr. and Mrs. Floyd Jones, Mr. and Mrs. Joe Aime, and the hosts, Mr. and Mrs. Maxwell.

Club President Tells Appreciation and Outlines Aims

By Mrs. Una R. Winter, President Upland Woman's Club

The members of the Upland Woman's club wish to extend their thanks to certain other organizations who, by their patronage, have helped to maintain the upkeep of the clubhouse and diminish the indebtedness on the building. From the Cotillion Club and the Pan-Hellenic association, we received rentals; from dinners served to the following organizations: Upland Citrus association, the Chamber of Commerce, the men's service clubs, the Legion Auxiliary and the Upland Business and Professional Women's club, we realized the sum of \$640. The balance of our income for the year closing June 1, 1931, was contributed by the members and a few friends through the payment of dues and attendance at the money making affairs.

We also wish to thank the business men of the town who have helped us by making special prices on quantity buying and to make special mention of the Union Ice Co. who supplies our needs in their line so cheerfully and generously. With the hard work of our active members and the cooperation of others throughout the community, we have been able to maintain our clubhouse and pay \$600 on our indebtedness, leaving a balance due of only \$7,700.

For what the community does for us as a club, we try to make a return as follows.

First, to maintain a non-sectarian organization for education, at purposes; our programs being either along lines of information or cultural. Our desire is to grow in intelligence and usefulness; to become more understanding citizens of town, state and nation; and more worthy of the responsibilities that come to us.

Second, to maintain our attractive clubhouse in splendid condition at all times so that the community may feel a pride in it and the privilege of using it as needed.

And third, we feel that we are only one of a number of worthy organizations here and we have tried at all times to cooperate with the others for their success as well as our own.

The new club year opens in October and we are looking forward to another year of useful endeavor and hope the various organizations as well as our individual friends will continue their patronage and cooperate with us as they have in the past. Our motto is "Service to Community" and each year we try to live up to this pledge with greater fidelity than ever before.

B-Square Club Celebrates Birthday Anniversary—

The first birthday anniversary of the B-Square Embroidery club was appropriately celebrated Friday when the members held a combination afternoon meeting and evening picnic in San Antonio park, the supper being scheduled at the evening hour to give opportunity for the husbands to attend.

The members of the club gathered at the park in the afternoon and not feeling inclined toward the regular routine, they proceeded to amuse themselves as they pleased.

Shortly after 6 o'clock in the evening the husbands of several of the members arrived to join the group and the picnic tables beneath the trees were soon spread with a bountiful supper, the handsome birthday cake with one large candle attracting much attention. The birthday of Ethan Clements, son of Mr. and Mrs. E. H. Clements, was also celebrated and he was presented with a beautiful cake decorated with candles. Hot coffee was provided with the supper and during the evening delicious fruit punch was served freely.

A bright moon, an ideal night, a pleasant park and a congenial crowd made the occasion a great success and the men expressed the hope that the club members would entertain in this fashion often.

Those attending were Mr. and Mrs. E. C. Chapman, Mr. and Mrs. E. H. Clements, Mr. and Mrs. James Crellin, Mr. and Mrs. John Crabtree, Mr. and Mrs. O. H. Henderson, Mr. and Mrs. R. M. Hobbs, Mrs. Amy Wing, Misses Gladys and Pauline Claypool, Miss Edna Hoag and Ethan Clements.

Mr. and Mrs. Fies Return From Delightful Vacation—

Completing one of the most enjoyable vacation motor trips they have yet made, Mr. and Mrs. Harry Fies returned Saturday night from a 3000 mile journey.

Leaving Upland two weeks ago, accompanied by Mrs. Fies' brother-in-law and sister, Mr. and Mrs. W. R. Strickland of Los Angeles, the motorists went north over the Pacific highway, stopping at Klamath Falls and Crater Lake, and then on to Portland, where they were guests of Mrs. Douglas Smith and Mrs. Edward Saylor, aunt and cousin of Mrs. Fies, whom she had not seen for many years.

Crossing into Washington, the vacationists visited Vancouver and Longview, where the largest saw-

mill plant in the world is in operation. Returning over the Columbia River highway to Portland, they came south over the Redwood highway and at Modesto they stopped to visit Mr. Fies' nephew and niece, Mr. and Mrs. Walter Fies. The scenic beauty of the country along the famous northern highways was greatly enjoyed and the motorists were particularly impressed with the abundance of water and the evidence of moisture in the fresh, green verdure of the forests. They were delighted with the numerous rivers and smaller streams and often stopped to fish for the mountain trout.

Friends Bid Farewell to Mr. and Mrs. Black—

As a final bon voyage courtesy to Mr. and Mrs. James H. Black, and affording an opportunity for a number of friends to bid them farewell upon their departure for their future home in Scotland, Mr. and Mrs. C. E. Smith-Neill were hosts at an informal luncheon at their home on East Ninth street Saturday noon.

Later the hosts motored down to Wilmington with Mr. and Mrs. Black and saw them on their boat that will take them through the Panama canal and direct to England. The boat sailed at 4:30. Mrs. Black has relatives in England and Mr. Black's parents live in Scotland and it is to be near them that they are making their home in that country.

Attending the farewell luncheon were Mr. and Mrs. Black and their two sons and their wives, Mr. and Mrs. Douglas Black and Mr. and Mrs. Robson Black; Mr. and Mrs. Harry Yahres and Misses Jane and Helen Yahres, Mrs. Cress D. Crier, Dr. O. W. Kankel, Frank Parkin and Ted MacLaren.

Mrs. Parsons Hostess to Pot-Luck Luncheon Club—

A delicious contributed dish luncheon and a merry session of bridge playing provided a busy afternoon for the members of the Pot-Luck Luncheon club when they met Monday as the guests of Mrs. Geo. H. Parsons on West Tenth street.

At the conclusion of the bridge games the scores showed Mrs. D. D. Crew had won first prize while second prize went to Mrs. Frank Baxter.

Mrs. John Anderson will entertain the club at its next meeting.

Guests of Mrs. Parsons Monday were Mrs. Gus Anderson, Mrs. Frank Baxter, Mrs. Mary Eckerman, Mrs. D. D. Crew, Mrs. F. N. Davidson, Ms. Roy Barker, and Mrs. John Anderson.

Mrs. Hawkinson Honored by Her Study Club—

With a shower of lovely personal gifts for Mrs. H. V. Hawkinson as a feature of the meeting, members of the Study circle of which Mrs. Hawkinson is the leader, were guests Saturday of Mrs. Gus Anderson at her home on East Tenth street.

With each member contributing, an enjoyable lunch was served at noon and in the afternoon, in addition to the shower with which the members honored their leader, the regular lesson was held, the subject of study being "Beowulf." The afternoon proved to be a very interesting one.

Those attending the meeting were Mrs. W. F. Kitchel, Mrs. Charles Booth, Mrs. E. A. Magill, Mrs. Wade, Mrs. M. E. Titus, Mrs. Lulu Smallman, Mrs. W. S. Avery, Mrs. Leon Durham, Mrs. Mary Eckerman, Mrs. H. W. Hawkinson and her guest, Mrs. Youngstrom, and the hostess, Mrs. Gus Anderson.

Kansas Visitors Given Picnic in Ganesha Park—

Mr. and Mrs. P. H. Schroeder and three daughters of Hillsboro Kan., stopped over in Upland Saturday and Sunday to visit with friends before going on to Reedley to visit relatives, and in their honor a number of friends here held a merry picnic supper in Ganesha park Sunday.

Besides the Kansas visitors, those enjoying the picnic and the reunion of long-time friends, were Mrs. Marie Voight and two sons, Mrs. Agnes Harms and son, Mr. and Mrs. Calvin Niswander and son, and from Ontario Mr. and Mrs. T. C. Boshart and Mr. and Mrs. J. A. Hiebert and family.

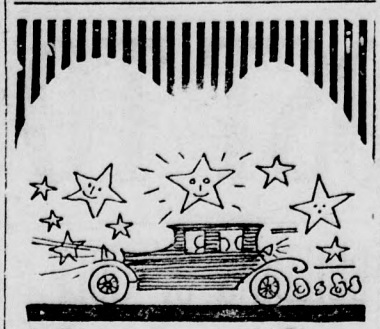

Upland circle, Neighbors of Woodcraft will meet Wednesday evening at 8 o'clock in the I. O. O. F. hall for an initiation of members.

Following the lodge work the meeting will be opened to the public and a benefit card party will be held, with refreshments being served during the evening. A large attendance and a merry evening are expected.

WALTER V. COMBS For County Recorder

The West End contains as great a population as some of the cities from which a large per cent of the county offices have been filled, yet this district has not been proportionately represented in these county offices. At the coming primary election, August 26th, the voters will decide whether the West End shall have the office of County Recorder, or whether it shall remain geographically as heretofore.

I feel that I am thoroughly competent to take over the duties of the Recorder's office and promise, if the voters see fit to elect me, to do my best to fulfill their expectations of an efficient and economical administration of the Recorder's office.

The party leaving Saturday plans to be gone for about three weeks.

ALTA LOMA

Mrs. Victor Cherbak and Mrs. Pete Cherbak were hostesses Sunday night at a dinner party honoring the two important events occurring on that day, the 14th wedding anniversary of Mr. and Mrs. Victor Cherbak and the birthday of Pete Cherbak. Others present were Mr. and Mrs. George Cherbak, Mrs. S. S. Cherbak, Leo Cherbak, and Mr. and Mrs. Gordon Billings.

Wallace Stoebe, popular Alta Loma young man, is now driving a shiny new Chevrolet sedan about the streets of Alta Loma and Cucamonga. Mr. Stoebe has established the good habit of getting a new car every year and has done so for the past three years.

Two grass fires in Alta Loma this week end caused many passing motorists to stop to witness the conflagrations. On Saturday night a fire on Hellman, south of 19th street, made a bright blaze but did not damage. On Sunday a grass fire in Roberts court was put out by the local fire department.

Mr. C. A. Stoebe of 19th street, Alta Loma, gave a birthday dinner to members of the family on Tuesday night, honoring the birthday of his daughter, Mrs. Gordon Billings.

Word was received from San Antonio hospital to the effect that Mrs. Harry Roberts, who underwent an operation for appendicitis there this week, is progressing nicely. On Saturday night six women made up a jolly party motoring to Balboa where they witnessed the annual Tournament of Lights. Special entries were a Zeppelin owned by the Goodyear Rubber Co., and a brilliantly decorated airplane owned and operated by the Richfield company. Forty floats, boats decorated with lights to represent different things, was another interesting sight. Those enjoying the tournament were Mrs. W. W. Hatch, Mrs. Geo. Keyes, Mrs. John Hyslop, Mrs. S. L. Thompson, Miss Helen Keyes, and Miss Mary Hyslop.

Mr. and Mrs. E. R. Hively motored to Long Beach Sunday, where they spent the day with relatives.

College Heights

By Clara L. Pautz

A very pleasant trip and a wonderful time was reported on their return Friday evening, by Mr. and Mrs. Clayton Pharaoh, who spent 10 days at Yosemite.

Mrs. Martha Gannon was at home Monday from Bakersfield and returned the same evening for an extended stay of a week or two.

William Gannon sold his Coffee shop in Ontario.

Jack Moffett and Neil Hasley of Los Angeles spent Sunday at the Gannon home.

Mr. and Mrs. E. E. List were Sunday visitors at the California Junior Republic at Chino.

Mr. and Mrs. J. H. McConnel of Claremont were guests at the List home Sunday.

Mr. and Mrs. Isaac Ratzloff and two babies were early Monday morning callers to say goodbye to their friends the List family. They are leaving for Alberta, Canada to make their future home.

Mr. and Mrs. Archie Meyer and daughter Helen of Santa Ana were visiting with Mr. and Mrs. Otto Pautz Sunday. In the cool of the evening they joined a large crowd of golfers at College golf course and enjoyed a delightful game of golf.

Frank Dunning, College Heights builder, who has built several houses in College Heights Acres, is now building another. The plans call for a 5 room stucco and bath, double garage and a covered pergola at the cost of \$4,100. A large living room 14 by 24 will be a special feature.

Mrs. Mary Lewis and Mrs. Johnson, both of Denver, Colo., have just arrived in Upland for a visit with Mrs. Lewis' son, Bill Lewis, of Klind's grocery. They motored through and report what might be termed "terrific" temperatures on the desert.

Mrs. Bodill C. Petersen, 426 Eighth avenue, returned Saturday from a two months visit in the north. She visited in Fresno and in San Francisco and vicinity and spent some time in Yosemite. Mrs. Petersen found the weather delightfully cool in the north.

ETIWANDA

ETIWANDA, July 15.—Mr. and Mrs. John Humbertstone motored to Los Angeles Thursday taking with them little Thelma Beatty, who has been their guest for several weeks during the illness of her mother, Mrs. Bernard Beatty, who is much improved in health.

The League of Youth gave a most entertaining program at Cypress hall Saturday night, consisting of whistling solos by Miss Mercedes Frost, with piano accompaniment by Mrs. Carl Moller, also a children's story by Miss Frost and a number of sleight of hand tricks by Dr. Carl Moller and Mr. Williams of Los Angeles were most interesting and amusing.

Mr. and Mrs. Mervyn Fowlkes of Redlands were week-end guests of Mrs. Fowlkes' parents, Mr. and Mrs. Wm. McClean.

The sympathy of the community is extended to Mr. and Mrs. Emmanuel Smith of Fullerton in the loss of his father, Mr. L. H. Smith, who died suddenly while en route to northern California on business last Friday. Funeral services will be held in Fullerton on Tuesday.

Mr. and Mrs. John Frost and family motored to Balboa Beach Saturday night after the entertainment given by the League of Youth.

Mr. and Mrs. J. R. Bonnell had as guests Sunday Mr. John Gemlin of San Bernardino, Mrs. Martin of Pasadena, Mr. and Mrs. Jack Bussey, Mr. and Mrs. E. T. Palmquist and children, Doris, Jean and Erwin, and Mr. and Mrs. Geo. R. Hippard of Los Angeles and Mr. and Mrs. Fred Burger.

Members of the Pacoima Congregational church to the number of 30 motored to Etiwanda Sunday morning to attend Sunday school and church services and assist with a number of lovely musical numbers. They were luncheon guests of the local congregation in the church basement. Mr. Malloys, pastor of the Etiwanda church, was formerly pastor of the Pacoima church.

W. E. E. Layton and daughters, Ethel and Annie Mae, of Ontario, attended the entertainment at Cypress hall Saturday night.

A bountiful turkey dinner given by Mrs. H. A. Allen Sunday honored her father, Perry Orendorff, and her husband, on the occasion of their birthdays, which both occur this month. Guests were Mr. and Mrs. Allen, Mr. Perry Orendorff, John Spillman, Mrs. Ida Spray of San Bernardino, Mr. and Mrs. E. S. Allen, Mr. and Mrs. Lytle Williamson and children of Cucamonga, Mr. and Mrs. J. D. Orendorff, Mr. and Mrs. Wm. Orendorff and children, James and Juanita; Mr. and Mrs. Wm. McKee and children, Jack and Arleen; Mrs. Thomas Donnelly and son, David, and daughter, Dorothy.

Mr. and Mrs. A. H. Utman and sons, Leon and Howard, spent the week-end at Newport Beach.

Judge Thomas Donnelly returned home Sunday night after several days vacation spent in the High Sierras in company with Dr. Wayne Dooley of Los Angeles.

Mrs. W. S. Henderson is spending some time at the home of her daughter, Mrs. Earl Fogal at Fresno. Mr. and Mrs. Fogal and children spent the Fourth of July holiday season here and Mrs. Henderson accompanied them home. Miss Inez Henderson spent last week with Miss Ruby Wofford of San Bernardino, who came home with her for a short visit.

Mr. and Mrs. C. A. Hickcox and family of Santa Paula visited his mother, Mrs. Martha Hickcox and sister, Winifred, here the first of the week en route to Big Bear valley for a vacation period.

WOODMEN HIT AND WIN GAME, 5 TO 1

Atwood Pitchers Touched For 14 Safe Bingles and Winners Up Notch

Timely hitting against the pitching of Wetherbee and Myers gave the Woodmen a 5 to 1 win over the Atwoods on the local diamond last night. Last night's victory was the second win of the season for the Woodmen team, who are now in fourth place, Atwoods going down a notch in the league standings with only one victory to their credit.

For the first seven innings it was anybody's ball game. The Woodmen succeeded in putting across a lone marker in the opening frame on a walk to Siechret and a two-base hit by French, but that was the extent of the scoring until the eighth inning. Bice was twirling a good brand of ball during the entire contest and allowed only five well selected hits. The Woodmen got to Wetherbee and Myers for 14 safe hits, including three doubles and a three-bagger. Miller registered a two-base hit for Atwoods in the eighth, and French, Bice and Ingram each batted out a hit good for two bases. Siechret got the longest hit of the contest in the eighth, knocking out a triple.

The Woodmen practically clinched the game in the eighth when Andreas, Anderson, Heinauer, and Bice hit in succession, and Siechret came through with his three-bagger to take a four-run lead. The fifth and final Woodmen score came in the ninth frame, when Ingram doubled and scored on Cunningham's single. Andreas also hit in this inning with nobody out but Myers got rid of the next three men in fast order to retire the side and prevent any further scoring on the part of the Woodmen team. Wetherbee saved the Atwood team from being shutout with his timely hit in the last of the final inning. With one man out, McBurney singled and went to third on a passed ball and an error by Siechret of Myers' high fly in left field. Wetherbee then came through with a single to left field to score McBurney with the lone Atwood run.

Bus Andreas played the entire game behind the plate for the Woodmen. His return to the lineup seemed to help the team considerably. Besides catching a good game Andreas came through with two base hits.

Plenty of Hits and Runs When Etiwanda and Cucamonga Play

Thirty-one runs, 30 hits and 15 errors all in one ball game. Etiwanda out-distanced Cucamonga last Friday night and carried off a 21 to 10 win over the Cucamonga outfit.

Both teams hit the ball all over the lot and consequently four home runs, one three-bagger, and four two-base hits were registered during the contest. Rudy Brummond, the Cucamonga left fielder, was the home run king of the game, knocking out two circuit clouts. Kemp and Wayne Scott each rang up a homer for the Etiwanda team. Krick pulled out a three-base hit, while Brownless, C. Frost, Kemp and Watson each connected for two bases.

Etiwanda scored one run in the opening inning on an error by Krick and a single by Kemp. Cucamonga came back in their half of the same inning and accounted for two markers on three successive hits, one by Watson, the second by Brummond, and the third by Krick. In the second frame W. Scott singled and J. Scott was walked. R. Frost also drew a base on balls and then Mueller singled to score W. Scott and J. Scott. Raymond Frost came home with the third run of the evening on a passed ball. Three runs scored

Employment Bureau Is One Function of Chamber Secretary

Serving as a "clearing house" for persons wanting help and for persons wanting work, chamber of commerce officials today announced that Clair E. Kirk, secretary, will register the names of all persons wanting employment so that when employers make requests he can comply.

UPLAND TO HONOR NATIONAL GUARD

59 Soldiers Going to Training Camp Will Be Led by Municipal Band

Upland will pay tribute to the first national guard company ever to leave from this territory for a training camp and when the 59 youths come to Upland at 7:30 Friday night, the Upland band and possibly city officials will join the procession.

A special Pacific Electric train will take the local troops to Los Angeles, where a troop train will take the southland soldiers to San Luis Obispo for a 15-day training period.

Banqueted by the Ontario-Upland Elks lodge at 5:45 o'clock, the troop will leave Ontario about 7 o'clock and march to the Chaffey campus, where they will receive flags and guns. Continuing up Euclid, the group will be greeted by the band and the local delegation at the Santa Fe tracks.

Under the direction of Fred Wilding the musicians will lead the procession east on A street, Upland, to Second avenue, and up Second avenue to the Pacific Electric tracks.

Clair E. Kirk, chamber secretary, made arrangements for the special recognition, and he was continuing with the plans this afternoon. Definite location of the special troop cars is not known and for that reason Mr. Kirk could not say definitely where the procession would end. Some of the city officials or chamber of commerce officials will be in the greeting party at the Santa Fe tracks.

Captain Anson Smalley is in charge of the troop, which is Company G, 185th California National Guard. More than a dozen of the group are from Upland.

ed in the third frame, and all three proved to be home runs, Kemp and W. Scott scoring for Etiwanda, while Brummond connected for his first homer of the evening.

Hively became slightly wild in the fourth inning and Wattenberger came in from center field and pitched the remainder of the game for Cucamonga, but before the two twirlers could get the side retired eight Etiwanda players had crossed the plate. Etiwanda raised their total to 15 runs in the fifth frame when Kemp singled and scored on an error and a wild pitch. Cucamonga brought in four runs in their half of the sixth on singles by Watson, Eckenrode, and Wattenberger, and Krick's three-bagger. The Etiwanda boys had another big time in the eighth frame when they scored six runs on as many hits, including a two-base hit by Kemp.

Brummond came through with his second home run in the seventh to give Cucamonga eight runs. Cucamonga's final scores came in the eighth frame when, after Hively had singled, Bonillas was safe at first on Mueller's error in center field. Jimmy Watson then doubled to score both Hively and Bonillas.

RICHARD HUXTABLE ACCIDENT VICTIM

Father of Upland Man Dies After Collision; Mrs. Huxtable Injured

Victim of an automobile collision in Los Angeles on Saturday evening, Richard Huxtable, former prominent resident and pioneer of Upland and Ontario, and father of Milton Huxtable, died at 6:30 Sunday morning at the receiving hospital and Mrs. Huxtable is in a hospital suffering with serious injuries.

Mr. and Mrs. Huxtable had left their home in Strathmore for the summer and were residing on West Forty-fifth street, Los Angeles, near the home of their son, Richard B. Huxtable.

The fatal accident occurred at 7:15 Saturday evening, when the two were driving across the intersection of West Forty-fifth and Figueroa, where their car was struck by another machine. Mr. Huxtable was rushed to the receiving hospital, where it was found nothing could be done to save his life, death coming early the following morning. Mrs. Huxtable also was taken to the hospital and is under the care of physicians, who express the belief that her injuries, while serious, still are not dangerous and her recovery is expected.

Mr. and Mrs. Huxtable lived in this community for many years and Mr. Huxtable was one of the well-known ranchers here. They had been living at Strathmore for a number of years.

Mr. Huxtable, who was 77 years old, leaves besides his wife, three sons, Milton Huxtable of Upland, Richard Byron Huxtable of Los Angeles, and Landon G. Huxtable of Strathmore, and a daughter, Mrs. Monica A. Rhodes of Fresno. Funeral services will be held on Wednesday at 3 p. m., at Draper's Ontario chapel, Dr. Bert Foster being the officiating minister. Interment will follow in Bellevue cemetery.

Boy Scouts Enjoy Outing, But Not Many Fish Caught

In spite of the fact that there were not many grunion, local Boy Scouts enjoyed one of the best outings in their history over the week-end at Newport Beach. Mixed with the boys' fun was the experience of those in charge remaining up all night as guards for the group. Scoutmaster L. H. Cortright and William Larkin, guest, were the guards. Other guests were Fred E. Draper, Walter Horak and Harry Spicer. Mr. Spicer drove a Heinicke Lumber company truck, taking the group to the beach Saturday afternoon.

Scouts on the outing were Edward Banning, junior assistant scoutmaster; James Horak, senior patrol leader; William Walk, patrol leader; Newman Draper and Francis Brogan, assistant patrol leaders and the following: George Ott, James Larkin, Carl Sibola, Earl Conner, Eddie Frantz, Jimmie Williams, Schuler Williams, Kennard Billington and Bruce Horak.

Guests Walter Horak, Fred Draper, William Larkin, Harry Spicer.

Dr. Matthews, Radio Speaker, Coming to Mennonite Church

Upland church attendants will have an opportunity to hear the noted radio preacher and Bible teacher, Dr. John Matthews of Pasadena, on Sunday, July 27, when he appears at the Mennonite church, corner Campus avenue and Washington boulevard. Dr. Matthews will deliver the sermon at the 10:30 morning service.

This noted preacher has a large and an increasing radio audience on the Pacific coast, speaking every Sunday afternoon from 4:30 to 5:30 from station KNX, many of his widely spread audience being in this vicinity. Many who have heard his inspiring radio messages and others who are interested will count it a privilege to see and hear in person the man who is able to attract and to hold so large an audience.

Vasbinder Catches 32-Pound Halibut

Besides catching a 32 pound halibut, Dave L. Vasbinder may receive a valuable fishing rod from Roy Creighton. Fishing off of Mindanao barge Newport Sunday morning Mr. Vasbinder caught the largest deep sea fish brought in this season by an Uplander. He caught seven other halibut but this was the largest.

Mr. Creighton is offering various and sundry prizes and Mr. Vasbinder made a bid for a rod with his catch. The fish was 45 inches long and 32 inches around the girth.

Technicolor Film To Be Shown Here

ity, and the performance tomorrow afternoon is expected to draw one of the largest afternoon crowds.

In general, people of the community are recognizing that Upland's theater is one of the biggest assets in the community and that Mr. Portman's movie house has the best sound equipment in any theater in the citrus district.

Mr. and Mrs. Portman are pleased with the response given by the people. Immediately after the theater opened, other attractions started, but the theater is drawing large numbers of people in spite of the outside features.

Scheduled for Friday and Saturday nights—and Saturday matinee—is "The Arizona Kid," starring Warner Baxter. This is a production that has had a very successful showing and many will be glad to know it will be shown here.

By request of people who have heard of "Rio Rita," this Bebe Daniels all sound picture will be shown Sunday and Monday.

MANY READERS AT PUBLIC LIBRARY

Records For Year Show High Percentage of Borrowers; Books Added

Record of activities of the Upland public library reveal interesting facts when studied in the light of comparison, and show that Upland has a population of readers that ranks above the average, according to the librarian, Mrs. F. H. Manker.

A "weeding out" of old cards has been in process for some time and cards of 1000 inactive borrowers have been discarded. During the year 525 new names have been added and there are now in good standing 2997 members.

In the past year the number of books borrowed total 53,527, with other borrowings listed as: magazines, 5790; pamphlets, 204; pictures, 77; clippings, 1; and stereoscope slides, 27, making a total 59,626 borrowings, making an increase of 6,000 or more than 9 per cent increase in circulation.

Circulation per capita with reference to borrowers, shows almost 18 borrowings to each member, or in terms of the city's population according to the latest census, 11 borrowings for each man, woman and child in the city have been made, which is a much higher percentage than normal.

Books added to the library the past year number 1731, averaging 144 per month. Books withdrawn, 251; books mended, 1105; books rebound, 306, and magazines bound, 38. The total of books now in circulation and on the shelves is 12,719. Maps added number 49.

Attendance at the library on Sundays totaled 1590. First over-due notices numbered 565, second notices, 62. It might be of interest to over-due borrowers to know that the sending out of these notices cost \$31.35, an expense that could be saved with a little promptness on the part of the readers.
